Environmental and Social Sustainability Policy

Overview

Southern Plant Hire Pty Ltd is committed to delivering positive outcomes in environmental and social sustainability. As responsible corporate citizens we have a responsibility to consider the impacts of our actions and how those actions may affect the environment and the communities in which we operate, directly or indirectly. We shall make all endeavours to deliver a service in a way that delivers social, economic and environmental value.

Southern Plant Hire will ensure it:

- Seeks to continually make improvement in the prevention of pollution and the minimisation of waste in the delivery of its services.
- Takes action to address potentially adverse environmental impacts resulting from our activities such as disposal of waste, transportation, energy use and erosion.
- Openly communicates and makes our environmental policy available to employees, sub-contractors, and the public.
- Reviews objectives and establishes targets in a continual improvement process.
- Commitment to engaging social benefit suppliers where practicable.
- Commitment to maintaining a diverse and inclusive workforce.
- Supports as far as practicable, local business first.
- Fosters an environmentally responsible attitude within our organisation.
- Considers ways in which we can positively influence social and community outcomes.
- Undertakes responsible resource management practices that aim to prevent pollution and reduce waste.
- Complies with all relevant environmental legislation.

Southern Plant Hire Pty Ltd will comply with, or exceed, our policy objectives.
